» HOW CAN YOU MATCH THE SPEED OF BUSINESS?

When business moves as quickly as keystrokes, it's no surprise that your business systems might need help maintaining the pace. If they can't, your company name fades quickly as others rise to take the lead. We can help you streamline; get leaner and faster without missing a single opportunity.

Sage MAS 90 and 200 is the industry-leading accounting, distribution, manufacturing and e-business management software solution for small to medium-sized companies with ten to 500 employees. The software is comprised of over 26 modules that provide businesses the ability to choose to integrate as many modules as are advantageous to their particular industry.

» OUR APPROACH

As business consultants and CPAs, we learn everything we can about your business accounting requirements. We'll interview key employees to address concerns about your current business software. If Sage MAS 90 and 200 will solve those issues, we will demonstrate just how easy this software is to use and the benefits you'll derive from it. Knowing that accounting software can be a substantial investment, we want you to be comfortable with your decision before the purchase.

» RESULTS

Our prior to purchase research and demonstrations provide a smooth transition from your old software to Sage MAS 90 and 200. We work directly with your team to implement Sage MAS 90 and 200 and train them so you'll keep the competitive advantage you've worked so hard to earn.
